

Thank you for your interest in auditioning for Nova Voce. Bill Perrot, Associate Artistic Director and I like to keep the audition process pretty painless.

Here are the things that you should expect:

1. Sing a song of your own choosing. The choice should 'show' your voice to its best advantage and demonstrate a style that you are comfortable singing. This song may be accompanied or not. Please bring 3 copies of your song – photo copies are fine. You do not need to bring an accompanist.
2. Sing the first verse of 'Amazing Grace' (a cappella). (We have the music.)
3. Sing a few vocal exercises to show your range, vocal dexterity and voice quality.
4. Sing a chromatic scale, ascending and descending.
5. Sing a short sight reading piece.

Best wishes,
